

## ***Attention Grade 3-5 Teachers!***

### **Free Program at Beringia Centre –The Saiga Saga**

April 25 and 26, Beringia Centre will be delivering a free presentation to grade 3-5 classes. This engaging program is designed to celebrate our new Saiga Antelope display and to promote awareness of this highly endangered animal. While Saiga antelope used to live in the Yukon during the ice age, today they only exist in a small area of central Asia. In recent years, poaching, development, and a mysterious disease has hit them hard, and they are in trouble. Kid's classes in Kazakhstan will be celebrating ***Saiga Days*** about the same time, and we want to show support for these fellow grade-schoolers in their concern for these wonderful animals.

#### **What students will learn:**

This program will cover aspects of Social Studies, Art and Science –including diversity of life, habitats, conservation, anatomy, and climate.

#### **How do I sign up?**

Presentations will run between 9:30 and 11:30 and 1:00 and 2:30 on both April 25 and 26. Only two classes can be accommodated per block. Space is limited! To reserve a spot for your class, please call the Beringia Centre at **667-8855** or send an email to:

[Lance.Leenders@gov.yk.ca](mailto:Lance.Leenders@gov.yk.ca)
